Ranking is done by dropping the lowest judge score for each person. Ties are broken by speech scores.																				

The image shows a large grid table with 20 columns and 26 rows. The grid is divided into five equal-width sections by vertical lines. The first section on the left is 4 columns wide, and each of the subsequent four sections is also 4 columns wide. The grid is currently empty, with no data or text entered.

The image displays a grid of 28 columns and 25 rows. Four thick vertical lines are positioned at the 5th, 10th, 15th, and 20th columns, dividing the grid into five equal sections of 5 columns each. The entire grid is enclosed in a thin border.
